ENERGY NEWS.

Oil demand set to exceed pre-pandemic levels in 2022; oil demand is set to rise above pre-pandemic levels by the end of next year, but producers have sufficient capacity rise to the challenge. In its first detailed look at next year in its regular monthly review of the oil market, the IEA sees a gradual return of demand as vaccine distribution widens and economic activity returns to normal in many countries and sectors.

NATIONAL;

Opposition wants budget recalled to included Covid-19 support; according to Mpuuga, since the new budget has not yet been executed, the 44.7 trillion Shillings budget for the financial year 2021/22 should be adjusted through a motion of Parliament, to avail more funds for COVID-19 vaccine procurement, to remunerate the health workers, and facilitate the procurement of ambulances, drugs and oxygen, among others.
